Community Projects--South Kanara--Taking ryots Paddy Breeding Station--Expenditure--Sanction of--Request.

Govt.Memo No.32546 D.V-54-1 dated 30-6-1954.

--

In their memo cited, the Government have approved the suggestion that the ryots from the interior parts of this community project area may be taken to Paddy Breeding Station, Kankanady, Mangalore for being given instructions on the improved methods of farming.

2. In this connection I submit that the Asst. Project Officers and Gnl. Agriculture Demonstrators who have been asked to give effect to the order by taking ryots from the interior villages to the Paddy Breeding Station in batches have now represented that most of the ryots in the villages, though anxious to visit the paddy breeding station and study modern farming are either not able or are not willing to spend for the journey to Mangalore for the purpose. This matter was subsequently discussed at the Project Executive Committee meeting held on 30-7-1954 and the Committee has unanimously resolved to request the Government to meet the expenditure for the to and fro conveyance of the ryots and for ~~them~~ their food during their stay at Mangalore. The Committee has also recommended that the ryots should be taken to District Live Stock Farm at Koila which is outside the Project area for being instructed in the proper maintenance of cattle etc. My enquiry with the Agricultural staff reveals that till recently the regular Agricultural Department has been meeting the expenditure for taking ryots to the agricultural research station at Mangalore.

3. The exact amount of expenditure required under this head cannot be assessed now as the conveyance charges depend on the distance to be covered by the journey. I solicite definite orders on the proposal of the Project Executive Committee. I, however, consider that the to and fro conveyance charges alone may be met from Community Project funds, the food arrangements being made by the ryots themselves. For this purpose, a lump sum of Rs.600/- may kindly be sanctioned ~~for this purpose~~ at an early date and the Project Executive Officer may be authorized to incur the expenditure within the limit as and when required.

4. As this is the proper time to study the crop conditions in the farm, I am asking my subordinates to arrange for the study tours as proposed above and to incur necessary expenditure for this purpose in anticipation of Government sanction.

Yours faithfully,

H Narasimha 17/8

Project Executive Officer.

Ref: Government Memo 1000 Public (RDP) V/54-1 dated 25-9-1954.

.. ..

I offer the following remarks on the suggestion of taking the ryots from the interior parts of the Community Project area to Paddy Breeding Station, Kankanady, Mangalore, for giving instruction on the improved methods of farming at the cost of the Government.

2. Kind attention is invited to this office letter L3.1686/54 dated 15-1-1955 in reply to Government Memo No.547/54-2 dated 20th September 1954 wherein it was reported that sending intelligent village farmers by special bus to Kankanady Breeding Station for explaining the work going on there is a useful suggestion and it will widen the knowledge of the farmers and that tenant cultivators may be chosen for these tours.

(a) They may also be given actual to and fro expenses and daily allowance of Rs.2/- per day.

(b) Regarding the practice adopted by this Department for bringing the ryots to the Breeding Station only free accomodation for a maximum of three days are given to bonafide ryots if they are taken by the Agriculture Department to visit the Central Farm Dairy etc for demonstration and propaganda as per instructions laid down in the G.O.Ms.No.1654 Food and Agriculture Department dated 17th August 51.

The memo No. 82546(ROV)/54-1 dt 30.6.54, ~~from P.E.O. Mangalore~~ it was suggested to the P.E.O. Mangalore that farmers from rural areas may be taken to the Paddy breeding Station at Mangalore and given instructions on improved farming. With reference to this, the P.E.O. Mangalore has submitted the following proposals

(1) Sanction may be accorded to a lump sum of Rs 600/- to meet the food and [land wheel charges] of the ryots taken to the breeding station.

(2) The ryots may also be taken to the

side. Live Stock farm at Kaila for being instructed in the proper maintenance of cattle etc.

(23) There are three proposals which went to DA for remarks. and the Govt. also for stating the practice in vogue in the Deptt in this regard. Before the receipt of remarks from the DA, the P.C.O has incurred an expy of Rs 198-14-0 (in anticipation of sanction unfortunately). The remarks of the DA in the matter will be found on p 13 cf. The A.G. while commending the proposal has commented that the rights may be given actual conveyance charges and daily allowance of Rs 2/- per day. The actual practice that is in vogue in the Agricultural deptt. is (as mentioned at Ref. No 124). When only free accommodation for a max. period of 3 days is provided to bonafide rights in cases when they are taken out for instruction in the Agri. Deptt. it does not seem necessary to bear the charge conveyance and meal charges also as recommended by (PCO and) DA. No special remarks are offered by the A.G. for his recommendation that the rights may be given conveyance as well as meals charges.

On as much as the P.C.O has already incurred an Expenditure of Rs. 190-14-0, the same may be sanctioned as a special case (strikethrough: already in proposal to the P.C.O. to both rights to cattle farm at Kaila) and the item

~~the matter also may be put up to follow the procedure~~
~~mentioned while sanctioning Rs 1296-0 which is in~~
vogue in the regular depts.
